Dear Laurence, Jackie, Vola, Jimmy and Brian and all members of Bellaghy Development Association,

I would like to sincerely thank Bellaghy Development Association, on behalf of St. Mary's Primary School, for your very generous donation of £1500.

Our school feels that being able to read is one of life's most valued skills and your contribution will go towards developing a library in school, which will positively promote reading in school and at home.

Staff and children would like to thank you so much for your generosity.

Ita McMullan,

Principal
